IMPORTANT NOTICE

This packet of notices related to our health care plan includes a notice regarding how the plan's prescription drug coverage compares to Medicare Part D. If you or a covered family member is also enrolled in Medicare Parts A or B, but not Part D, you should read the Medicare Part D notice carefully. It is titled, "Important Notice From Taylor Corporation About Your Prescription Drug Coverage and Medicare."

Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u>?	<u>Network</u> : \$3,400 Individual / \$6,800 Family <u>Non-Network</u> : \$6,000 Individual / \$12,000 Family per calendar year.	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible</u>?	Yes. <u>Preventive Care</u> are covered before you meet your <u>deductible</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/
Are there other <u>deductibles</u> for specific services?	No, there are no other <u>deductibles</u> .	You don't have to meet <u>deductibles</u> for specific services, but see the chart starting on page 2 for other costs for services this <u>plan</u> covers.
What is the <u>out-of-pocket limit</u> for this <u>plan</u>?	<u>Network provider</u> : \$6,800 Individual / \$13,600 Family. <u>Out-of-network providers</u> : \$12,700 Individual / \$25,400 Family per calendar year	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit</u>?	<u>Premiums</u> , <u>balance-billing</u> charges, health care this <u>plan</u> doesn't cover, penalties for failure to obtain <u>prior authorization</u> for services.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket</u> .

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider ?	Yes. See www.myuhc.com or call 1-888-507-9379 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No	You can see the specialist you choose without a referral .

 All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit</u>?	<u>Premiums</u> , <u>balance-billing</u> charges, health care this <u>plan</u> doesn't cover, penalties for failure to obtain <u>prior authorization</u> for services. MEDICARE PART D CREDITABLE COVERAGE NOTICE

IMPORTANT NOTICE FROM TAYLOR CORPORATION ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Taylor Corporation and about your options under Medicare's prescription drug coverage. This information can help you decide whether you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

If neither you nor any of your covered dependents are eligible for or have Medicare, this notice does not apply to you or your dependents, as the case may be. However, you should still keep a copy of this notice in the event you or a dependent should qualify for coverage under Medicare in the future. Please note, however, that later notices might supersede this notice.

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Taylor Corporation has determined that the prescription drug coverage offered by the Taylor Corporation Employee Health Care Plan ("Plan") is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is considered "creditable" prescription drug coverage. This is important for the reasons described below.

Because your existing coverage is, on average, at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to enroll in a Medicare drug plan, as long as you later enroll within specific time periods.

Enrolling in Medicare—General Rules

As some background, you can join a Medicare drug plan when you first become eligible for Medicare. If you qualify for Medicare due to age, you may enroll in a Medicare drug plan during a seven-month initial enrollment period. That period begins three months prior to your 65th birthday, includes the month you turn 65, and continues for the ensuing three months. If you qualify for Medicare due to disability or end-stage renal disease, your initial Medicare Part D enrollment period depends on the date your disability or treatment began. For more information you should contact Medicare at the telephone number or web address listed below.

Late Enrollment and the Late Enrollment Penalty

If you decide to *wait* to enroll in a Medicare drug plan you may enroll later, during Medicare Part D's annual enrollment period, which runs each year from October 15 through December 7. But as a general rule, if you delay your enrollment in Medicare Part D, after first becoming eligible to enroll, you may have to pay a higher premium (a penalty).

If after your initial Medicare Part D enrollment period you go **63 continuous days or longer without "creditable" prescription drug coverage** (that is, prescription drug coverage that's at least as good as Medicare's prescription drug coverage), your monthly Part D premium may go up by at least 1 percent of the premium you would have paid had you enrolled timely, for every month that you did not have creditable coverage.

For example, if after your Medicare Part D initial enrollment period you go 19 months without coverage, your premium may be at least 19% higher than the premium you otherwise would have paid. You may have to pay this higher premium for as long as you have Medicare prescription drug coverage. *However, there are some important exceptions to the late enrollment penalty.*

Special Enrollment Period Exceptions to the Late Enrollment Penalty

There are “special enrollment periods” that allow you to add Medicare Part D coverage months or even years after you first became eligible to do so, without a penalty. For example, if after your Medicare Part D initial enrollment period you lose or decide to leave employer-sponsored or union-sponsored health coverage that includes “creditable” prescription drug coverage, you will be eligible to join a Medicare drug plan at that time.

In addition, if you otherwise lose other creditable prescription drug coverage (such as under an individual policy) through no fault of your own, you will be able to join a Medicare drug plan, again without penalty. These special enrollment periods end two months after the month in which your other coverage ends.

Compare Coverage

You should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. See the Taylor Corporation Plan’s summary plan description for a summary of the Plan’s prescription drug coverage. If you don’t have a copy, you can get one by contacting us at the telephone number or address listed below.

Coordinating Other Coverage With Medicare Part D

Generally speaking, if you decide to join a Medicare drug plan while covered under the Taylor Corporation Plan due to your employment (or someone else’s employment, such as a spouse or parent), your coverage under the Taylor Corporation Plan will not be affected. For most persons covered under the Plan, the Plan will pay prescription drug benefits first, and Medicare will determine its payments second. For more information about this issue of what program pays first and what program pays second, see the Plan’s summary plan description or contact Medicare at the telephone number or web address listed below.

If you do decide to join a Medicare drug plan and drop your Taylor Corporation prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back. To regain coverage you would have to re-enroll in the Plan, pursuant to the Plan’s eligibility and enrollment rules. You should review the Plan’s summary plan description to determine if and when you are allowed to add coverage.

This notice is provided to you on behalf of:

Taylor Corporation Employee Health Care Plan

For the remainder of this notice, Taylor Corporation is referred to as Company.

1. Introduction: This Notice is being provided to all covered participants in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and is intended to apprise you of the legal duties and privacy practices of the Company's self-insured group health plans. If you are a participant in any fully insured group health plan of the Company, then the insurance carriers with respect to those plans is required to provide you with a separate privacy notice regarding its practices.

2. General Rule: A group health plan is required by HIPAA to maintain the privacy of protected health information, to provide individuals with notices of the plan's legal duties and privacy practices with respect to protected health information, and to notify affected individuals follow a breach of unsecured protected health information. In general, a group health plan may only disclose protected health information (i) for the purpose of carrying out treatment, payment and health care operations of the plan, (ii) pursuant to your written authorization; or (iii) for any other permitted purpose under the HIPAA regulations.

3. Protected Health Information: The term "protected health information" includes all individually identifiable health information transmitted or maintained by a group health plan, regardless of whether or not that information is maintained in an oral, written or electronic format. Protected health information does not include employment records or health information that has been stripped of all individually identifiable information and with respect to which there is no reasonable basis to believe that the health information can be used to identify any particular individual.

4. Use and Disclosure for Treatment, Payment and Health Care Operations: A group health plan may use protected health information without your authorization to carry out treatment, payment and health care operations of the group health plan.

- An example of a "treatment" activity includes consultation between the plan and your health care provider regarding your coverage under the plan.
- Examples of "payment" activities include billing, claims management, and medical necessity reviews.

- Examples of "health care operations" include disease management and case management activities.

The group health plan may also disclose protected health information to a designated group of employees of the Company, known as the HIPAA privacy team, for the purpose of carrying out plan administrative functions, including treatment, payment and health care operations.

5. Disclosure for Underwriting Purposes. A group health plan is generally prohibited from using or disclosing protected health information that is genetic information of an individual for purposes of underwriting.

6. Uses and Disclosures Requiring Written Authorization: Subject to certain exceptions described elsewhere in this Notice or set forth in regulations of the Department of Health and Human Services, a group health plan may not disclose protected health information for reasons unrelated to treatment, payment or health care operations without your authorization. Specifically, a group health plan may not use your protected health information for marketing purposes or sell your protected health information. Any use or disclosure not disclosed in this Notice will be made only with your written authorization. If you authorize a disclosure of protected health information, it will be disclosed solely for the purpose of your authorization and may be revoked at any time. Authorization forms are available from the Privacy Official identified in section 23.

7. Special Rule for Mental Health Information: Your written authorization generally will be obtained before a group health plan will use or disclose psychotherapy notes (if any) about you.

8. Uses and Disclosures for which Authorization or Opportunity to Object is not Required: A group health plan may use and disclose your protected health information without your authorization under the following circumstances:

- When required by law;
- When permitted for purposes of public health activities;
- When authorized by law to report information about abuse, neglect or domestic violence to public authorities;
- When authorized by law to a public health oversight agency for oversight activities;
- When required for judicial or administrative proceedings;
- When required for law enforcement purposes;
- When required to be given to a coroner or medical examiner or funeral director;
- When disclosed to an organ procurement organization;
- When used for research, subject to certain conditions;
- When necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public and the disclosure is to a person reasonably able to prevent or lessen the threat; and
- When authorized by and to the extent necessary to comply with workers' compensation or other similar programs established by law.

9. Minimum Necessary Standard: When using or disclosing protected health information or when requesting protected health information from another covered entity, a group health plan must make reasonable efforts not to use, disclose or request more than the minimum amount of protected health information necessary to accomplish the intended purpose of the use, disclosure or request. The minimum necessary standard will not apply to: disclosures to or requests by a health care provider for treatment; uses or disclosures made to the individual about his or her own protected health information, as permitted or required by HIPAA; disclosures made to the Department of Health and Human Services; or uses or disclosures that are required by law.

10. Disclosures of Summary Health Information: A group health plan may use or disclose summary health information to the Company for the purpose of obtaining premium bids or modifying, amending or terminating the group health plan. Summary health information summarizes the participant claims history and other information without identifying information specific to any one individual.

11. Disclosures of Enrollment Information: A group health plan may disclose to the Company information on whether an individual is enrolled in or has disenrolled in the plan.

12. Disclosure to the Department of Health and Human Services: A group health plan may use and disclose your protected health information to the Department of Health and Human Services to investigate or determine the group health plan's compliance with the privacy regulations.

13. Disclosures to Family Members, other Relations and Close Personal Friends: A group health plan may disclose protected health information to your family members, other relatives, close personal friends and anyone else you choose, if: (i) the information is directly relevant to the person's involvement with your care or payment for that care, and (ii) either you have agreed to the disclosure, you have been given an opportunity to object and have not objected, or it is reasonably inferred from the circumstances, based on the plan's common practice, that you would not object to the disclosure.

For example, if you are married, the plan will share your protected health information with your spouse if

he or she reasonably demonstrates to the plan and its representatives that he or she is acting on your behalf and with your consent. Your spouse might do so by providing the plan with your claim number or social security number. Similarly, the plan will normally share protected health information about a dependent child (whether or not emancipated) with the child's parents. The plan might also disclose your protected health information to your family members, other relatives, and close personal friends if you are unable to make health care decisions about yourself due to incapacity or an emergency.

14. Appointment of a Personal Representative: You may exercise your rights through a personal representative upon appropriate proof of authority (including, for example, a notarized power of attorney). The group health plan retains discretion to deny access to your protected health information to a personal representative.

15. Individual Right to Request Restrictions on Use or Disclosure of Protected Health Information: You may request the group health plan to restrict (1) uses and disclosures of your protected health information to carry out treatment, payment or health care operations, or (2) uses and disclosures to family members, relatives, friends or other persons identified by you who are involved in your care or payment for your care. However, the group health plan is not required to and normally will not agree to your request in the absence of special circumstances. A covered entity (other than a group health plan) must agree to the request of an individual to restrict disclosure of protected health information about the individual to the group health plan, if (a) the disclosure is for the purpose of carrying out payment or health care operations and is not otherwise required by law, and (b) the protected health information pertains solely to a health care item or service for which the individual (or person other than the health plan on behalf of the individual) has paid the covered entity in full.

16. Individual Right to Request Alternative Communications: The group health plan will accommodate reasonable written requests to receive communications of protected health information by alternative means or at alternative locations (such as an alternative telephone number or mailing address) if you represent that disclosure otherwise could endanger you. The plan will not normally accommodate a request to receive communications of protected health information by alternative means or

at alternative locations for reasons other than your endangerment unless special circumstances warrant an exception.

17. Individual Right to Inspect and Copy Protected Health Information: You have a right to inspect and obtain a copy of your protected health information contained in a "designated record set," for as long as the group health plan maintains the protected health information. A "designated record set" includes the medical records and billing records about individuals maintained by or for a covered health care provider; enrollment, payment, billing, claims adjudication and case or medical management record systems maintained by or for a health plan; or other information used in whole or in part by or for the group health to make decisions about individuals.

The requested information will be provided within 30 days. A single 30-day extension is allowed if the group health plan is unable to comply with the deadline, provided that you are given a written statement of the reasons for the delay and the date by which the group health plan will complete its action on the request. If access is denied, you or your personal representative will be provided with a written denial setting forth the basis for the denial, a description of how you may exercise those review rights and a description of how you may contact the Secretary of the U.S. Department of Health and Human Services.

18. Individual Right to Amend Protected Health Information: You have the right to request the group health plan to amend your protected health information for as long as the protected health information is maintained in the designated record set. The group health plan has 60 days after the request is made to act on the request. A single 30-day extension is allowed if the group health plan is unable to comply with the deadline. If the request is denied in whole or part, the group health plan must provide you with a written denial that explains the basis for the denial. You may then submit a written statement disagreeing with the denial and have that statement included with any future disclosures of your protected health information.

19. Right to Receive an Accounting of Protected Health Information Disclosures: You have the right to request an accounting of all disclosures of your protected health information by the group health plan during the six years prior to the date of your request. However, such accounting need not include

disclosures made: (1) to carry out treatment, payment or health care operations; (2) to individuals about their own protected health information; (3) prior to the compliance date; or (4) pursuant to an individual's authorization.

If the accounting cannot be provided within 60 days, an additional 30 days is allowed if the individual is given a written statement of the reasons for the delay and the date by which the accounting will be provided. If you request more than one accounting within a 12-month period, the group health plan may charge a reasonable fee for each subsequent accounting.

20. The Right to Receive a Paper Copy of This Notice Upon Request: If you are receiving this Notice in an electronic format, then you have the right

to receive a written copy of this Notice free of charge by contacting the Privacy Official (see section 23).

21. Changes in the Privacy Practice. Each group health plan reserves the right to change its privacy practices from time to time by action of the Privacy Official. You will be provided with an advance notice of any material change in the plan's privacy practices.

22. Your Right to File a Complaint with the Group Health Plan or the Department of Health and Human Services: If you believe that your privacy rights have been violated, you may complain to the group health plan in care of the HIPAA Privacy Official (see section 24). You may also file a complaint with the Secretary of the U.S. Department of Health and Human Services, Hubert H. Humphrey Building, 200 Independence Avenue S.W., Washington, D.C. 20201. The group health plan will not retaliate against you for filing a complaint.

23. Person to Contact at the Group Health Plan for More Information: If you have any questions regarding this Notice or the subjects addressed in it, you may contact the Privacy Official.

Privacy Official

The Plan's Privacy Official, the person responsible for ensuring compliance with this notice, is:

Organized Health Care Arrangement Designation

The Plan participates in what the federal privacy rules call an "Organized Health Care Arrangement." The purpose of that participation is that it allows PHI to be shared between the members of the Arrangement, without authorization by the persons whose PHI is shared, for health care operations. Primarily, the designation is useful to the Plan because it allows the insurers who participate in the Arrangement to share PHI with the Plan for purposes such as shopping for other insurance bids.

NOTICE OF SPECIAL ENROLLMENT RIGHTS

TAYLOR CORPORATION EMPLOYEE HEALTH CARE PLAN

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to later enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage).

Loss of eligibility includes but is not limited to:

- Loss of eligibility for coverage as a result of ceasing to meet the plan's eligibility requirements (e.g., divorce, cessation of dependent status, death of an employee, termination of employment, reduction in the number of hours of employment);
- Loss of HMO coverage because the person no longer resides or works in the HMO service area and no other coverage option is available through the HMO plan sponsor;
- Elimination of the coverage option a person was enrolled in, and another option is not offered in its place;
- Failing to return from an FMLA leave of absence; and
- Loss of eligibility under Medicaid or the Children's Health Insurance Program (CHIP).

Unless the event giving rise to your special enrollment right is a loss of eligibility under Medicaid or CHIP, you must request enrollment within *30 days* after your or your dependent's(s') other coverage ends (or after the employer that sponsors that coverage stops contributing toward the coverage).

If the event giving rise to your special enrollment right is a loss of coverage under Medicaid or CHIP, you may request enrollment under this plan within *60 days* of the date you or your dependent(s) lose such coverage under Medicaid or CHIP. Similarly, if you or your dependent(s) become eligible for a state-granted premium subsidy toward this plan, you may request enrollment under this plan within *60 days* after the date Medicaid or CHIP determine that you or the dependent(s) qualify for the subsidy.

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within *30 days* after the marriage, birth, adoption, or placement for adoption.

GENERAL COBRA NOTICE

Introduction

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

When is COBRA continuation coverage available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice in writing to the Plan Administrator. Any notice you provide must state the name of the plan or plans under which you lost or are losing coverage, the name and address of the employee covered under the plan, the name(s) and address(es) of the qualified beneficiary(ies), and the qualifying event and the date it happened. The Plan Administrator will direct you to provide the appropriate documentation to show proof of the event.

How is COBRA continuation coverage provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. If you believe you are eligible for this extension, contact the Plan Administrator.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, [Children's Health Insurance Program \(CHIP\)](#), or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Can I enroll in Medicare instead of COBRA continuation coverage after my group health plan coverage ends?

In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period¹ to sign up for Medicare Part A or B, beginning on the earlier of

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

MICHELLE'S LAW NOTICE

(To Accompany Certification of Dependent Student Status)

Michelle's Law is a federal law that requires certain group health plans to continue eligibility for adult dependent children who are students attending a post-secondary school, where the children would otherwise cease to be considered eligible students due to a medically necessary leave of absence from school. In such a case, the plan must continue to treat the child as eligible up to the earlier of:

- The date that is one year following the date the medically necessary leave of absence began; or
- The date coverage would otherwise terminate under the plan.

For the protections of Michelle's Law to apply, the child must:

- Be a dependent child, under the terms of the plan, of a participant or beneficiary; and
- Have been enrolled in the plan, and as a student at a post-secondary educational institution, immediately preceding the first day of the medically necessary leave of absence.

"Medically necessary leave of absence" means any change in enrollment at the post-secondary school that begins while the child is suffering from a serious illness or injury, is medically necessary, and causes the child to lose student status for purposes of coverage under the plan.

If you believe your child is eligible for this continued eligibility, you must provide to the plan a written certification by his or her treating physician that the child is suffering from a serious illness or injury and that the leave of absence is medically necessary.

If you have any questions regarding the information contained in this notice or your child's right to Michelle's Law's continued coverage, you should contact Manager of Benefits, 507.386.5853.

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2026. Contact your State for more information on eligibility –

To assist you as you evaluate options for you and your family, this notice provides some basic information about the Health Insurance Marketplace and health coverage offered through your employment.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options in your geographic area.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium and other out-of-pocket costs, but only if your employer does not offer coverage, or offers coverage that is not considered affordable for you and doesn't meet certain minimum value standards (discussed below). The savings that you're eligible for depends on your household income. You may also be eligible for a tax credit that lowers your costs.

Does Employment-Based Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that is considered affordable for you and meets certain minimum value standards, you will not be eligible for a tax credit, or advance payment of the tax credit, for your Marketplace coverage and may wish to enroll in your employment-based health plan. However, you may be eligible for a tax credit, and advance payments of the credit that lowers your monthly premium, or a reduction in certain cost-sharing, if your employer does not offer coverage to you at all or does not offer coverage that is considered affordable for you or meet minimum value standards. If your share of the premium cost of all plans offered to you through your employment is more than 9.12%¹ of your annual household income, or if the coverage through your employment does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit, and advance payment of the credit, if you do not enroll in the employment-based health coverage. For family members of the employee, coverage is considered affordable if the employee's cost of premiums for the lowest-cost plan that would cover all family members does not exceed 9.12% of the employee's household income.^{1,2}

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered through your employment, then you may lose access to whatever the employer contributes to the employment-based coverage. Also, this employer contribution -as well as your employee contribution to employment-based coverage- is generally excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis. In addition, note that if the health coverage offered through your employment does not meet the affordability or minimum value standards, but you accept that coverage anyway, you will not be eligible for a tax credit. You should consider all of these factors in determining whether to purchase a health plan through the Marketplace.

¹ Indexed annually; see <https://www.irs.gov/pub/irs-drop/rp-22-34.pdf> for 2023.

² An employer-sponsored or other employment-based health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs. For purposes of eligibility for the premium tax credit, to meet the "minimum value standard," the health plan must also provide substantial coverage of both inpatient hospital services and physician services.

When Can I Enroll in Health Insurance Coverage through the Marketplace?

You can enroll in a Marketplace health insurance plan during the annual Marketplace Open Enrollment Period. Open Enrollment varies by state but generally starts November 1 and continues through at least December 15.

Outside the annual Open Enrollment Period, you can sign up for health insurance if you qualify for a Special Enrollment Period. In general, you qualify for a Special Enrollment Period if you've had certain qualifying life events, such as getting married, having a baby, adopting a child, or losing eligibility for other health coverage. Depending on your Special Enrollment Period type, you may have 60 days before or 60 days following the qualifying life event to enroll in a Marketplace plan.

There is also a Marketplace Special Enrollment Period for individuals and their families who lose eligibility for Medicaid or Children's Health Insurance Program (CHIP) coverage on or after March 31, 2023, through July 31, 2024. Since the onset of the nationwide COVID-19 public health emergency, state Medicaid and CHIP agencies generally have not terminated the enrollment of any Medicaid or CHIP beneficiary who was enrolled on or after March 18, 2020, through March 31, 2023. As state Medicaid and CHIP agencies resume regular eligibility and enrollment practices, many individuals may no longer be eligible for Medicaid or CHIP coverage starting as early as March 31, 2023. The U.S. Department of Health and Human Services is offering a temporary Marketplace Special Enrollment period to allow these individuals to enroll in Marketplace coverage.

Marketplace-eligible individuals who live in states served by HealthCare.gov and either- submit a new application or update an existing application on HealthCare.gov between March 31, 2023 and July 31, 2024, and attest to a termination date of Medicaid or CHIP coverage within the same time period, are eligible for a 60-day Special Enrollment Period. **That means that if you lose Medicaid or CHIP coverage between March 31, 2023, and July 31, 2024, you may be able to enroll in Marketplace coverage within 60 days of when you lost Medicaid or CHIP coverage.** In addition, if you or your family members are enrolled in Medicaid or CHIP coverage, it is important to make sure that your contact information is up to date to make sure you get any information about changes to your eligibility. To learn more, visit HealthCare.gov or call the Marketplace Call Center at 1-800-318-2596. TTY users can call 1-855-889-4325.

What about Alternatives to Marketplace Health Insurance Coverage?

If you or your family are eligible for coverage in an employment-based health plan (such as an employer-sponsored health plan), you or your family may also be eligible for a Special Enrollment Period to enroll in that health plan in certain circumstances, including if you or your dependents were enrolled in Medicaid or CHIP coverage and lost that coverage. Generally, you have 60 days after the loss of Medicaid or CHIP coverage to enroll in an employment-based health plan, but if you and your family lost eligibility for Medicaid or CHIP coverage between March 31, 2023 and July 10, 2023, you can request this special enrollment in the employment-based health plan through September 8, 2023. Confirm the deadline with your employer or your employment-based health plan.

Alternatively, you can enroll in Medicaid or CHIP coverage at any time by filling out an application through the Marketplace or applying directly through your state Medicaid agency. Visit <https://www.healthcare.gov/medicaid-chip/getting-medicaid-chip/> for more details.
